SPECTATOR **GUIDE**

We all know that spectating is a sport of its own! While your athlete is out there racing, you are charged with tracking them, being at the right spot to cheer them on (at just the right time), meeting them at the Finish Line (and running down the chute together!) and keeping any other family members/friends in tow! This Guide should help make YOUR weekend more enjoyable. Here are some things you need...

TRANSITION AREA

Located in the Cedar Point Parking Lot. This is a great spot to see most of the action. From here you will see your athlete come out of the swim and head out on the bike. You will also see them come back from the bike and head onto the run. The Transition Area is a very short walk to the Finish Line!

SWIM

The best spot to see the swim is from the beach! The Swim Starts on the beach by the Breakers Hotel and ends down by the Transition Area.

BIKE

Milan Square is the place to be! There will be a cheering area at this point. Located around mile 20 on the Half and mile 20 & 60 on the Full. You can use the GPS address of 47 East Front Street, Milan OH to get you there. There are businesses there with food and drinks. You can see info here: <http://www.milanarea.com/townsquare.htm>

RUN

The Run is a Multi Loop Lollipop course through downtown Sandusky. Spectators are encouraged to enjoy the Block Party on Columbus Ave between Water St and Washington St. Food and Drink Specials offered by local bars & restaurants directly on the run course. Half athletes will pass here twice, Full athletes will pass 4 times. Small City Tap House is always a great spot! (202 Columbus Ave Sandusky, OH) Also visit any of the businesses along Columbus Ave and you will still have time to make it back to see your athlete finish!

FINISH LINE

Located in the Cedar Point Parking lot. We encourage you to wait for your athlete at the top of the finish chute and run across the finish line with them! Be sure to stay clear of any other athletes as they cross the line too! All athletes will get a FREE Finisher's photo, so practice your smile and get in on the action!

ATHLETE TRACKING

QUARQ REAL TIME TRACKING

All FULL distance athletes get a Quarq Tracking device FREE for race day. Stop by the Quarq tent in the race expo to pick yours up. Half Athletes can reserve theirs online or onsite.

Want REAL TIME race tracking on your athlete? Have them reserve their Quarq Collector NOW. For just \$39, you can keep track of their minute by minute location on the course along with their speed/pace so you know EXACTLY when you need to be at that special location. The athlete wears a small tracking unit and then shares a tracking website that allows you (and anyone you want to share the online link with) to keep an eye on their real time progress from any smart-phone, tablet or computer.

TO RESERVE AND FOR MORE INFO: <http://rev3tri.com/quarq/>

REV3 LIVE

You can also keep track of your athlete on the REV3 official timing system. This will update when your athlete crosses a timing mat at the end of the swim, the bike and the run. (please note, this site will not be Live until race day)
