

SPECTATOR GUIDE

We all know that spectating is a sport of its own! While your athlete is out there racing, you are charged with tracking them, being at the right spot to cheer them on (at just the right time), meeting them at the Finish Line (and running down the chute together!) and keeping any other family members/friends in tow! This Guide should help make YOUR weekend more enjoyable.

Here are some things you need...

RACE WEEKEND SCHEDULE

ATHLETE GUIDE

<http://rev3tri.com/williamsburg/guide>

CHICKAHOMINY RIVERFRONT PARK

You will enjoy this beautiful park and all its amenities including a Playground, pool (from which you can see the bike and run portions of the race), boating/kayaking rental, picnic areas, walking trailing, camping, wildlife viewing and more! Here are all the details on the park:

<http://www.jamescitycountyva.gov/Facilities/Facility/Details/Chickahominy-River-front-Park-2>

EXPO VENDORS/ FOOD & DRINK

Suck on this BBQ • Kona Ice • Sno to Go

INSPIRATION STATION

WHEN:

Saturday 11:00am-5:00pm

Sunday 9:00am-1:00pm

WHERE:

Inside the Rev3 Expo area

Come to the Inspiration Station to make posters and a personalized note to be placed at your athlete's bike overnight for a special surprise on race morning. The Inspiration Station will also be home to our Kids Inflatable Obstacle Course. A weekend pass to the inflatable is only \$1. We will have staff and volunteers to monitor the area, but cannot be responsible for unsupervised children.

RACE DAY PARKING

During the races from 6:30am - 10:30am on Saturday and from 6:30am-12:30pm on Sunday, it will be easiest to park at Barrett's Ferry Landing across Route 5 from the park. This will also give you easier in/out access during race day. There will be major delays leaving the park during these times so if you intend to arrive or depart during these times we strongly encourage parking in the satellite lot.

(see parking map on next page)

FINISH LINE

Located in Chickahominy Riverfront Park. We encourage you to wait for your athlete at the top of the finish chute and run across the finish line with them! Be sure to stay clear of any other athletes as they cross the line too! All athletes will get a FREE Finisher's photo, so practice your smile and get in on the action!

ATHLETE TRACKING

QUARQ REAL TIME TRACKING

Want REAL TIME race tracking on your athlete? Have them reserve their Quarq Collector NOW. For just \$25, you can keep track of their minute by minute location on the course along with their speed/pace so you know EXACTLY when you need to be at that special location. The athlete wears a small tracking unit and then shares a tracking website that allows you (and anyone you want to share the online link with) to keep an eye on their real time progress from any smart-phone, tablet or computer.

FOR MORE INFO: <http://rev3tri.com/quarq/>

RESERVE YOUR QUARQ:

REV3 RESULTS

You can also keep track of your athlete on the REV3 official timing system. This will update when your athlete crosses a timing map at a few specific locations around the course. (please note, this site will not be Live until race day)

RESULTS: <http://timing.rev3tri.com/mobile>

TRANSITION AREA

Located in Chickahominy Riverfront Park

This is a great spot to see most of the action. From here you will see your athlete come out of the swim and head out on the bike. You will then see them return from the bike and head out on the run. The Finish Line is only a short walk from transition and so everyone will be able to get down there to see their athlete finish!

SWIM

The Swim takes place in the Chickahominy River.

There is a great viewing spot on the Dresser Bridge. A short walk from the swim start, spectators will have an amazing view of almost the entire swim (as well as parts of the bike and run).

BIKE

The spectator zone at the entrance to the park will be an ideal place to catch a lot of the action as athletes depart and return on both the bike and the run.

RUN

The run is an out and back along the Capital Trail. The Spectator Zone at the base of the bridge will give enough time to see your athlete and make it to the finish to run the chute with them. If your athlete is doing the half, you can see them at the turnaround point here as well.
